

## Exactly How Much is a Chiropractic Adjustment Worth?

\***Journal of the American Geriatrics Society** article reported Older men and women with Hyperkyphosis (rounded/ humpback) die earlier.

\* **Journal Archives of Internal Medicine** study found: Those who'd lost 3 centimeters or more of height were about 64 percent more likely to die and also more likely to suffer from coronary heart disease than those who lost less than 1 centimeter. 20-year study of 4,213 men

\***The Gothenburg Study of Scoliosis** (started 1927): Tracked scoliosis patients throughout their lifetime- ALL OF WHOM *died significantly earlier than the average life expectancy*. Avg. loss of life 14-20 yrs.

\*It is a well documented scientific fact that **The Cerebral Cortex (your brain) shrinks** after 10 years or more of uncorrected chronic back pain.

\* In a landmark study published in the **Journal of Vertebral Subluxation Research**, chiropractors collaborating with researchers at the University of Lund found that chiropractic care could influence basic physiological processes affecting **oxidative stress and DNA repair**. **Serum Thiols** are primary antioxidants, and serve as a measure of human health status. The test provides a surrogate estimate of DNA repair enzyme activity, which has been shown to correlate with lifespan and aging. **Patients under Chiropractic care for 2 to 12 months had significantly elevated Serum Thiol levels. Patients under 1- 6 years of Chiropractic wellness care- levels were the highest.**

\*Canadian Memorial Univ. Study: **Interleukin II**: Long known to stimulate T-lymphocytes to fight viral and bacterial infections. Researchers found **after 1 Thoracic (mid back) chiropractic adjustment- Interleukin II was immediately elevated for a period of 2 hours post adjustment.**

Kyron pharmaceutical co. produces synthetic Interleukin ("Proleukin") for treatment of cancers: renal cell carcinoma, malignant melanoma, viral infections, used as an immune system booster vaccine for AIDS patient treatment. Each Proleukin treatment ranges from several thousand to tens of thousands of dollars.

.....AND YOU GET IT NATURALLY RELEASED WITH EVERY CHIROPRACTIC ADJUSTMENT!

This explains why **Dr Ronald Pero found at NYU Cancer Prevention Research Center** that Chiropractic patients under wellness care for 5 years or more had immune systems that were an average of 300% stronger than those not under chiropractic care.

How much did you say Lifetime Family Wellness Chiropractic Care is worth??? Yes, IT IS PRICELESS!

**Headaches are one of the most serious signs of chronic nervous system problems! We are having a "Headache Solutions" Workshop Wednesday September 17<sup>th</sup>. See Tiffany to sign up your friends & loved ones. Space is Limited!!**
